

DROPDOWN

A. Basic Dropdown

file:///D:/PROGRAM/TUGAS SEMESTER III/Per

Hoverable Dropdown

Move the mouse over the text below to open the dropdown content.

Mouse over me

file:///D:/PROGRAM/TUGAS SEMESTER III/Per

```
.dropdown {
  position: relative;
  display: inline-block;
}
.dropdown-content {
  display: none;
  position: absolute;
  background-color: #f9f9f9;
  min-width: 160px;
  box-shadow: 0px 8px 16px 0px rgba(0,0,0,0.2);
  padding: 12px 16px;
  z-index: 1;
}
.dropdown:hover .dropdown-content {
  display: block;
}
```

Properti ini digunakan untuk buat kuat tarik turun yang muncul saat pengguna menggerakkan mouse ke atas elemen

B. Dropdown Menu

file:///D:/PROGRAM/TUGAS SEMESTER III/Per

Dropdown Menu

Move the mouse over the button to open the dropdown menu.

Dropdown

Note: We use href="#" for test links. In a real web site this would be URLs.

file:///D:/PROGRAM/TUGAS SEMESTER III/Per

```
.dropbtn {
  background-color: #4CAF50;
  color: white;
  padding: 16px;
  font-size: 16px;
  border: none;
  cursor: pointer;}
.dropdown {
  position: relative;
  display: inline-block;}
.dropdown-content {
  display: none;
  position: absolute;
  background-color: #f9f9f9;
  min-width: 160px;
  box-shadow: 0px 8px 16px 0px rgba(0,0,0,0.2);
  z-index: 1;}
.dropdown-content a {
  color: black;
  padding: 12px 16px;
  text-decoration: none;
  display: block;}
.dropdown-content a:hover {background-color: #f1f1f1}
.dropdown:hover .dropdown-content {
  display: block;}
.dropdown:hover .dropbtn {
  background-color: #3e8e41;}
```

Contoh ini mirip dengan sebelumnya hanya saja saya menambahkan tautan di dalam kotak tarik turun dan menatanya agar cocok dengan dengan tombol tarik turun bergaya

C. Right Aligned Dropdown Content

Aligned Dropdown Content

Determine whether the dropdown content should go from left to right or right to left with the left and right properties.

```
.dropbtn {
  background-color: #4CAF50;
  color: white;
  padding: 16px;
  font-size: 16px;
  border: none;
  cursor: pointer;
}
```

```
.dropdown {
  position: relative;
  display: inline-block;
}
```

```
.dropdown-content {
  display: none;
  position: absolute;
  right: 0;
  background-color: #f9f9f9;
  min-width: 160px;
  box-shadow: 0px 8px 16px 0px rgba(0,0,0,0.2);
  z-index: 1;
}
```

```
.dropdown-content a {
  color: black;
  padding: 12px 16px;
  text-decoration: none;
  display: block;
}
```

```
.dropdown-content a:hover {background-color: #f1f1f1;}
```

```
.dropdown:hover .dropdown-content {
  display: block;
}
```

```
.dropdown:hover .dropbtn {
  background-color: #3e8e41;
}
```

Contoh yang satu ini juga mirip dengan contoh yang sebelumnya, hanya saja disini saya membuat menu tarik turun dari kanan ke kiri, alih-alih kiri ke kanan dengan menambahkan right : 0;
